

TONS LIGHTOLOGY INC.
PARENT COMPANY ONLY FINANCIAL
STATEMENTS AND INDEPENDENT AUDITORS’
REPORT
DECEMBER 31, 2025 AND 2024

For the convenience of readers and for information purpose only, the auditors’ report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language auditors’ report and financial statements shall prevail.

INDEPENDENT AUDITORS' REPORT TRANSLATED FROM CHINESE

To the Board of Directors and Shareholders of Tons Lightology Inc.

Opinion

We have audited the accompanying parent company only balance sheets of Tons Lightology Inc. (the "Company") as at December 31, 2025 and 2024, and the related parent company only statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the financial statements, including a summary of material accounting policies.

In our opinion, the accompanying parent company only financial statements present fairly, in all material respects, the parent company only financial position of the Company as at December 31, 2025 and 2024, and its parent company only financial performance and its parent company only cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the *Auditors' responsibilities for the audit of the parent company only financial statements* section of our report. We are independent of TONS LIGHTOLOGY INC. in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the parent company only financial statements of the current period. These matters were addressed in the context of our audit of the parent company only financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for the Company's 2025 parent company only financial statements of the current period are stated as follows:

Timing of recognising sales revenue

Description

Please refer to Note 4(27) for a description of accounting policy on sales revenue. Please refer to Note 6(15) for details of sales revenue.

The Company is primarily engaged in manufacturing and trading lighting equipment and lamps. The sales transaction mode consists of the Company receiving orders and transferring the orders to the subsidiaries for manufacturing and delivery. Since sales revenue includes different transaction terms and the timing of transfer of the control of goods involves manual judgement, we thus identified the timing of sales revenue recognition as one of the key areas of focus for this year's audit.

How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding and evaluated the operating procedures and internal controls over sales revenue, and assessed the effectiveness on how the management controls the timing of recognizing sales revenue.
- B. Performed sales cut-off test for a certain period before and after balance sheet date to assess the accuracy of the timing of sales revenues.

Inventory valuation

Description

The Company is primarily engaged in manufacturing and trading lighting equipment and lamps. Based on the inventory valuation policy of the Company, the inventory that has exceeded a specific period of inventory age and individually identified inventory that has lost value, is measured at the lower of cost and net realizable value, which involves subjective judgement resulting in a high degree of estimation uncertainty. As these matters also apply to Tons Lightology Inc. and its subsidiaries (presented as investments accounted for using the equity method), we thus identified inventory valuation of the subsidiary (presented as investments accounted for using the equity method) as one of the key areas of focus for this year's audit.

How our audit addressed the matter

We performed the following audit procedures on the above key audit matter:

- A. Obtained an understanding of the Company's inventory policy and assessed the reasonableness of the policy.
- B. Reviewed annual inventory count plan and observed the annual inventory count in order to assess the classification of obsolete inventory and effectiveness of inventory internal control.
- C. Obtained the Company's inventory aging report and verified dates of movements with supporting documents. Ensured the proper categorisation of inventory aging report in accordance with the Company's policy.
- D. Obtained the net realizable value statement of each inventory, assessed whether the estimation policy was consistently applied, tested the estimation basis of the net realizable value with relevant information, including verifying the sales and purchase prices with supporting evidence, and recalculated and evaluated the reasonableness of the inventory valuation.

Responsibilities of management and those charged with governance for parent company only financial statements

Management is responsible for the preparation and fair presentation of the parent company only financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and for such internal control as management determines is necessary to enable the preparation of parent company only financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company only financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Company’s financial reporting process.

Auditors’ responsibilities for the audit of the parent company only financial statements

Our objectives are to obtain reasonable assurance about whether the parent company only financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company only financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the parent company only financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of TONS LIGHTOLOGY INC.'s internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on TONS LIGHTOLOGY INC.'s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the parent company only financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the parent company only financial statements, including the disclosures, and whether the parent company only financial statements represent the underlying transactions and events in a manner that

achieves fair presentation.

6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within TONS LIGHTOLOGY INC. to express an opinion on the parent company only financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the parent company only financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Wang, Yu-Chuan

Hung, Shu-Hua

For and on behalf of PricewaterhouseCoopers, Taiwan

February 26, 2026

The accompanying parent company only financial statements are not intended to present the financial position and results of operations and cash flows in accordance with accounting principles generally accepted in countries and jurisdictions other than the Republic of China. The standards, procedures and practices in the Republic of China governing the audit of such financial statements may differ from those generally accepted in countries and jurisdictions other than the Republic of China. Accordingly, the accompanying parent company only financial statements and independent auditors' report are not intended for use by those who are not informed about the accounting principles or auditing standards generally accepted in the Republic of China, and their applications in practice.

As the financial statements are the responsibility of the management, PricewaterhouseCoopers cannot accept any liability for the use of, or reliance on, the English translation or for any errors or misunderstandings that may derive from the translation.

Net cash flows used in financing activities		(79,225)	(47,483)
Effect of exchange rate changes on cash equivalents		(1,313)	10,850
Net (decrease) increase in cash and cash equivalents		(97,317)	89,944
Cash and cash equivalents at beginning of year		189,203	99,259
Cash and cash equivalents at end of year		\$ 91,886	\$ 189,203

The accompanying notes are an integral part of these parent company only financial statements.

TONS LIGHTOLOGY INC.
NOTES TO THE PARENT COMPANY ONLY FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

(Expressed in thousands of New Taiwan dollars, except as otherwise indicated)

1. ORGANISATION AND OPERATIONS

Tons Lightology Inc. (the “Company”) was incorporated as a company limited by shares under the provisions of the Company Law of the Republic of China (R.O.C) on August 20, 1992. On June 17, 2013, the Company’s stocks were officially listed on the Taipei Exchange. The Company is primarily engaged in manufacturing and trading of lighting equipment and lamps.

2. THE DATE OF AUTHORISATION FOR ISSUANCE OF THE PARENT COMPANY ONLY FINANCIAL STATEMENTS AND PROCEDURES FOR AUTHORISATION

These parent company only financial statements were approved and authorised for issuance by the Board of Directors on February 26, 2026.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS

(1) Effect of the adoption of new issuances of or amendments to International Financial Reporting Standards (“IFRS[®]”) Accounting Standards that came into effect as endorsed by the Financial Supervisory Commission (“FSC”)

New standards, interpretations and amendments endorsed by the FSC and became effective from 2025 are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IAS 21, ‘Lack of exchangeability’	January 1, 2025

The above standards and interpretations have no significant impact to the Company’s financial condition and financial performance based on the Company’s assessment.

(2) Effect of new issuances of or amendments to IFRS Accounting Standards as endorsed by the FSC but not yet adopted by the Company

New standards, interpretations and amendments endorsed by the FSC effective from 2026 are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Specific provisions of Amendments to IFRS 9 and IFRS 7, ‘Amendments to the classification and measurement of financial instruments’	January 1, 2026
Amendments to IFRS 9 and IFRS 7, ‘Contracts referencing nature-dependent electricity’	January 1, 2026
IFRS 17, ‘Insurance contracts’	January 1, 2023
Amendments to IFRS 17, ‘Insurance contracts’	January 1, 2023
Amendment to IFRS 17, ‘Initial application of IFRS 17 and IFRS 9 – comparative information’	January 1, 2023
Annual Improvements to IFRS Accounting Standards—Volume 11	January 1, 2026

The above standards and interpretations have no significant impact to the Company’s financial condition and financial performance based on the Company’s assessment.

(3) IFRS Accounting Standards issued by IASB but not yet endorsed by the FSC

New standards, interpretations and amendments issued by IASB but not yet included in the IFRS Accounting Standards as endorsed by the FSC are as follows:

<u>New Standards, Interpretations and Amendments</u>	<u>Effective date by International Accounting Standards Board</u>
Amendments to IFRS 10 and IAS 28, ‘Sale or contribution of assets between an investor and its associate or joint venture’	To be determined by International Accounting Standards Board
IFRS 18, ‘Presentation and disclosure in financial statements’	January 1, 2027(Note)
IFRS 19, ‘Subsidiaries without public accountability: disclosures’	January 1, 2027
Amendments to IAS 21, ‘Translation to a Hyperinflationary Presentation Currency’	January 1, 2027

Note : The FSC has announced in a press release on September 25, 2025 that public companies will apply IFRS 18 starting from the fiscal year 2028. Additionally, entities can choose to adopt IFRS 18 earlier based on their requirements after the FSC endorses IFRS 18.

Except for the following, the above standards and interpretations have no significant impact to the Company’s financial condition and financial performance based on the Company’s assessment. The quantitative impact will be disclosed when the assessment is complete.

IFRS 18, 'Presentation and disclosure in financial statements'

IFRS 18, 'Presentation and disclosure in financial statements' replaces IAS 1. The standard introduces a defined structure of the statement of profit or loss, disclosure requirements related to management-defined performance measures, and enhanced principles on aggregation and disaggregation which apply to the primary financial statements and notes.

4. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these parent company only financial statements are set out below. These policies have been consistently applied to all the periods presented, unless otherwise stated.

(1) Compliance statement

The parent company only financial statements of the Company have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

(2) Basis of preparation

A. Except for the following items, the parent company only financial statements have been prepared under the historical cost convention:

- (a) Financial assets and financial liabilities (including derivative instruments) at fair value through profit or loss.
- (b) Financial assets at fair value through other comprehensive income.
- (c) Defined benefit liabilities recognised based on the net amount of pension fund assets less present value of defined benefit obligation.

B. The preparation of financial statements in conformity with International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations that came into effect as endorsed by the FSC (collectively referred herein as the "IFRSs") requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the parent company only financial statements are disclosed in Note 5.

(3) Foreign currency translation

Items included in the parent company only financial statements are measured using the currency of the primary economic environment in which the Company operates (the "functional currency"). The parent company only financial statements are presented in New Taiwan dollars (NTD), which is the Company's functional currency.

A. Foreign currency transactions and balances

- (a) Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are remeasured. Foreign exchange gains and losses resulting from the settlement of such transactions are recognised in profit or loss in the period in which they arise.

- (b) Monetary assets and liabilities denominated in foreign currencies at the period end are re-translated at the exchange rates prevailing at the balance sheet date. Exchange differences arising upon re-translation at the balance sheet date are recognised in profit or loss.
- (c) Non-monetary assets and liabilities denominated in foreign currencies held at fair value through profit or loss are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in profit or loss. Non-monetary assets and liabilities denominated in foreign currencies held at fair value through other comprehensive income are re-translated at the exchange rates prevailing at the balance sheet date; their translation differences are recognised in other comprehensive income. However, non-monetary assets and liabilities denominated in foreign currencies that are not measured at fair value are translated using the historical exchange rates at the dates of the initial transactions.
- (d) All foreign exchange gains and losses are presented in the statement of comprehensive income within 'other gains and losses'.

B. Translation of foreign operations

The operating results and financial position of all the company entities that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (a) Assets and liabilities for each balance sheet presented are translated at the closing exchange rate at the date of that balance sheet;
- (b) Income and expenses for each statement of comprehensive income are translated at average exchange rates of that period; and
- (c) All resulting exchange differences are recognised in other comprehensive income.

(4) Classification of current and non-current items

A. Assets that meet one of the following criteria are classified as current assets; otherwise they are classified as non-current assets:

- (a) Assets that are expected to be realized, or are intended to be sold or consumed in the normal operating cycle;
- (b) Assets that are held primarily for the purpose of trading;
- (c) Assets that are expected to be realized within twelve months after the reporting period;
- (d) Cash and cash equivalents, excluding restricted cash and cash equivalents and those that are to be exchanged or used to pay off liabilities for at least twelve months after the reporting period.

B. Liabilities that meet one of the following criteria are classified as current liabilities; otherwise they are classified as non-current liabilities:

- (a) Liabilities that are expected to be paid off in the normal operating cycle;
- (b) Liabilities that are held primarily for the purpose of trading;
- (c) Liabilities that are due to be paid off within twelve months after the reporting period;

(d) It does not have the right at the end of the reporting period to defer settlement of the liability at least twelve months after the reporting period.

(5) Cash equivalents

Cash equivalents refer to short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. Time deposits that meet the definition above and are held for the purpose of meeting short-term cash commitments in operations are classified as cash equivalents.

(6) Financial assets at fair value through profit or loss

- A. Financial assets at fair value through profit or loss are financial assets that are not measured at amortised cost or fair value through other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through profit or loss are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value and recognises the transaction costs in profit or loss. The Company subsequently measures the financial assets at fair value, and recognises the gain or loss in profit or loss.
- D. The Company recognises the dividend income when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

(7) Financial assets at fair value through other comprehensive income

- A. Financial assets at fair value through other comprehensive income comprise equity securities which are not held for trading, and for which the Company has made an irrevocable election at initial recognition to recognise changes in fair value in other comprehensive income.
- B. On a regular way purchase or sale basis, financial assets at fair value through other comprehensive income are recognised and derecognised using trade date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. The Company subsequently measures the financial assets at fair value:
The changes in fair value of equity investments that were recognised in other comprehensive income are reclassified to retained earnings and are not reclassified to profit or loss following the derecognition of the investment. Dividends are recognised as revenue when the right to receive payment is established, future economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.

(8) Financial assets at amortized cost

- A. Financial assets at amortised cost are those that meet all of the following criteria:
 - (a) The objective of the Company's business model is achieved by collecting contractual cash flows.
 - (b) The assets' contractual cash flows represent solely payments of principal and interest.

- B. On a regular way purchase or sale basis, financial assets at amortised cost are recognised and derecognised using settlement date accounting.
- C. At initial recognition, the Company measures the financial assets at fair value plus transaction costs. Interest income from these financial assets is included in finance income using the effective interest method. A gain or loss is recognised in profit or loss when the asset is derecognised or impaired.
- D. The Company's time deposits which do not fall under cash equivalents are those with a short maturity period and are measured at initial investment amount as the effect of discounting is immaterial.

(9) Accounts and notes receivable

- A. Accounts and notes receivable entitle the Company a legal right to receive consideration in exchange for transferred goods or rendered services.
- B. The short-term accounts and notes receivable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(10) Impairment of financial assets

At each reporting date, for accounts receivable, the Company recognises the impairment provision for 12 months expected credit losses if there has not been a significant increase in credit risk since initial recognition or recognises the impairment provision for the lifetime expected credit losses (ECLs) if such credit risk has increased since initial recognition after taking into consideration all reasonable and verifiable information that includes forecasts. On the other hand, for accounts receivable that do not contain a significant financing component, the Company recognises the impairment provision for lifetime ECLs.

(11) Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to receive the cash flows from the financial asset expire.

(12) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined using the weighted-average method. The cost of finished goods and work in progress comprises raw materials, direct labour, other direct costs and related production overheads. It excludes borrowing costs. The item by item approach is used in applying the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

(13) Investments accounted for using equity method – subsidiaries

- A. Associates are all entities over which the Company has significant influence but not control. In general, it is presumed that the investor has significant influence, if an investor holds, directly or indirectly 20 percent or more of the voting power of the investee. Investments in associates are accounted for using the equity method and are initially recognised at cost.

- B. The Company's share of its subsidiaries' post-acquisition profits or losses is recognised in profit or loss, and its share of post-acquisition movements in other comprehensive income is recognised in other comprehensive income. When the Company's share of losses in a subsidiary equals or exceeds its interest in the subsidiary together with any other unsecured receivables, the Company does not recognise further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the subsidiary.
- C. When changes in an associate's equity do not arise from profit or loss or other comprehensive income of the associate and such changes do not affect the Company's ownership percentage of the associate, the Company recognises the Company's share of change in equity of the associate in 'capital surplus' in proportion to its ownership.
- D. Unrealized gains on transactions between the Company and its associates are eliminated to the extent of the Company's interest in the associates. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associates have been adjusted where necessary to ensure consistency with the policies adopted by the Company.
- E. In the case that an associate issues new shares and the Company does not subscribe or acquire new shares proportionately, which results in a change in the Company's ownership percentage of the associate but maintains significant influence on the associate, then 'capital surplus' and 'investments accounted for under the equity method' shall be adjusted for the increase or decrease of its share of equity interest. If the above condition causes a decrease in the Company's ownership percentage of the associate, in addition to the above adjustment, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately on the same basis as would be required if the relevant assets or liabilities were disposed of.
- F. When the Company disposes its investment in an associate and loses significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate, are reclassified to profit or loss, on the same basis as would be required if the relevant assets or liabilities were disposed of. If it retains significant influence over this associate, the amounts previously recognised in other comprehensive income in relation to the associate are reclassified to profit or loss proportionately in accordance with the aforementioned approach.

(14) Property, plant and equipment

- A. Property, plant and equipment are initially recorded at cost. Borrowing costs incurred during the construction period are capitalised.
- B. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are charged to profit or

loss during the financial period in which they are incurred.

- C. Land is not depreciated. Other property, plant and equipment apply cost model and are depreciated using the straight-line method to allocate their cost over their estimated useful lives. Each part of an item of property, plant, and equipment with a cost that is significant in relation to the total cost of the item must be depreciated separately.
- D. The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted if appropriate, at each financial year-end. If expectations for the assets' residual values and useful lives differ from previous estimates or the patterns of consumption of the assets' future economic benefits embodied in the assets have changed significantly, any change is accounted for as a change in estimate under IAS 8, 'Accounting Policies, Changes in Accounting Estimates and Errors', from the date of the change. The estimated useful lives of property, plant and equipment are as follows:

Machinery and equipment	3 years
Transportation equipment	5 years
Office equipment	3 ~ 5 years
Leasehold improvements	3 years
Other assets	3 ~ 5 years

(15) Leasing arrangements (lessee) — right-of-use assets/ lease liabilities

- A. Leases are recognised as a right-of-use asset and a corresponding lease liability at the date at which the leased asset is available for use by the Company. For short-term leases or leases of low-value assets, lease payments are recognised as an expense on a straight-line basis over the lease term.
- B. Lease liabilities include the net present value of the remaining lease payments at the commencement date, discounted using the incremental borrowing interest rate. Lease payments are comprised of fixed payments, less any lease incentives receivable.
The Company subsequently measures the lease liability at amortized cost using the interest method and recognises interest expense over the lease term. The lease liability is remeasured and the amount of remeasurement is recognised as an adjustment to the right-of-use asset when there are changes in the lease term or lease payments and such changes do not arise from contract modifications.
- C. At the commencement date, the right-of-use asset is stated at cost comprising the following:
 - (a) The amount of the initial measurement of lease liability;
 - (b) Any lease payments made at or before the commencement date;
 - (c) Any initial direct costs incurred by the lessee.

The right-of-use asset is measured subsequently using the cost model and is depreciated from the commencement date to the earlier of the end of the asset's useful life or the end of the lease term. When the lease liability is remeasured, the amount of remeasurement is recognised as an

adjustment to the right-of-use asset.

(16) Intangible assets

- A. Computer software is stated at cost and amortized on a straight-line basis over its estimated useful life of 1 to 3 years.
- B. Other intangible assets are stated at cost and amortized on a straight-line basis over the estimated useful life of 3 years.

(17) Impairment of non-financial assets

The Company assesses at each balance sheet date the recoverable amounts of those assets where there is an indication that they are impaired. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell or value in use. When the circumstances or reasons for recognizing impairment loss for an asset in prior years no longer exist or diminish, the impairment loss is reversed. The increased carrying amount due to reversal should not be more than what the depreciated or amortized historical cost would have been if the impairment had not been recognised.

(18) Notes and accounts payable

- A. Accounts payable are liabilities for purchases of raw materials, goods or services and notes payable are those resulting from operating and non-operating activities.
- B. The short-term notes and accounts payable without bearing interest are subsequently measured at initial invoice amount as the effect of discounting is immaterial.

(19) Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability specified in the contract is discharged or cancelled or expires.

(20) Provisions

Provisions (including warranties) are recognised when the Company has a present legal or constructive obligation as a result of past events, and it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be reliably estimated. Provisions are measured at the present value of the expenditures expected to be required to settle the obligation on the balance sheet date, which is discounted using a pre-tax discount rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to passage of time is recognised as interest expense. Provisions are not recognised for future operating losses.

(21) Employee benefits

A. Short-term employee benefits

Short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in respect of service rendered by employees in a period and should be recognised as expenses in that period when the employees render service.

B. Pensions

(a) Defined contribution plans

For defined contribution plans, the contributions are recognised as pension expenses when they are due on an accrual basis. Prepaid contributions are recognised as an asset to the extent of a cash refund or a reduction in the future payments.

(b) Defined benefit plans

- i. Net obligation under a defined benefit plan is defined as the present value of an amount of pension benefits that employees will receive on retirement for their services with the Company in current period or prior periods. The liability recognised in the balance sheet in respect of defined benefit pension plans is the present value of the defined benefit obligation at the balance sheet date less the fair value of plan assets. The defined benefit net obligation is calculated annually by independent actuaries using the projected unit credit method. The rate used to discount is determined by using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension liability; when there is no deep market in high-quality corporate bonds, the Company uses interest rates of government bonds (at the balance sheet date) instead.
- ii. Remeasurement arising on defined benefit plans are recognised in other comprehensive income in the period in which they arise and are recorded as retained earnings.
- iii. Past service costs are recognised immediately in profit or loss.

C. Termination benefits

Termination benefits are employee benefits provided in exchange for the termination of employment as a result from either the Company's decision to terminate an employee's employment before the normal retirement date, or an employee's decision to accept an offer of redundancy benefits in exchange for the termination of employment. The Company recognises expense as it can no longer withdraw an offer of termination benefits or it recognises relating restructuring costs, whichever is earlier. Benefits that are expected to be due more than 12 months after balance sheet date shall be discounted to their present value.

D. Employees' compensation and directors' remuneration

Employees' compensation and directors' remuneration are recognised as expenses and liabilities, provided that such recognition is required under legal obligation or constructive obligation and those amounts can be reliably estimated. Any difference between the resolved amounts and the subsequently actual distributed amounts is accounted for as changes in estimates. If employee compensation is distributed by shares, the Company calculates the number of shares based on the closing price at the previous day of the board meeting resolution.

(22) Employee share-based payment

For the equity-settled share-based payment arrangements, the employee services received are measured at the fair value of the equity instruments granted at the grant date, and are recognised as compensation cost over the vesting period, with a corresponding adjustment to equity. The fair value of the equity instruments granted shall reflect the impact of market vesting conditions and non-market vesting conditions. Compensation cost is subject to adjustment based on the service conditions that are expected to be satisfied and the estimates of the number of equity instruments that are expected to vest under the non-market vesting conditions at each balance sheet date. And ultimately, the amount of compensation cost recognised is based on the number of equity instruments that eventually vest.

(23) Income tax

- A. The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or items recognised directly in equity, in which cases the tax is recognised in other comprehensive income or equity.
- B. The current income tax expense is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in accordance with applicable tax regulations. It establishes provisions where appropriate based on the amounts expected to be paid to the tax authorities. An additional tax is levied on the unappropriated retained earnings and is recorded as income tax expense in the year the stockholders resolve to retain the earnings.
- C. Deferred tax is recognised, using the balance sheet liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the parent company only balance sheet. However, the deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting nor taxable profit or loss and does not give rise to equal taxable and deductible temporary differences. Deferred tax is provided on temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary difference is controlled by the Company and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax is determined using tax rates that have been enacted or substantially enacted by the balance sheet date and are expected to apply when the related deferred tax asset is realized or the deferred tax liability is settled.
- D. Deferred tax assets are recognised only to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized. At each balance sheet date, unrecognised and recognised deferred tax assets are reassessed.

(24) Share capital

- A. Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or stock options are shown in equity as a deduction, net of tax, from the proceeds.
- B. Where the Company repurchases the Company's equity share capital that has been issued, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to the Company's equity holders. Where such shares are subsequently reissued, the difference between their carrying amount and any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to the Company's equity holders.

(25) Dividends

Cash dividends are recorded as liabilities in the Company's financial statements in the period in which they are resolved by the Company's Board of Directors. Stock dividends are recorded as stock dividends to be distributed in the Company's financial statements in the period in which they are resolved by the Company's stockholders and are reclassified to ordinary shares on the effective date of new shares issuance.

(26) Revenue recognition

Sales of goods

- A. The Company manufactures and sells a range of lighting equipment and lamps. Sales are recognised when control of the products has transferred, being when the products are delivered to the customers, the customers have full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customers' acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customers, and either the customers have accepted the products in accordance with the sales contract, or the Company has objective evidence that all criteria for acceptance have been satisfied.
- B. Sales revenue of lighting equipment and lamps is often recognised based on the price specified in the contract, net of the estimated sales discounts and allowances. Sales discounts and allowances are calculated based on accumulated sales amount over 12 months. The Company calculates revenue based on the contracts, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. The estimation is subject to an assessment at each reporting date. As of reporting date, sales discounts and allowances payable were recognised in short-term provisions. No element of financing is deemed present as the sales are made with a credit term of 30 to 60 days after delivery, which is consistent with market practice.
- C. The Company's obligation to provide standard warranty terms is recognised as a provision.

D. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

5. CRITICAL ACCOUNTING JUDGEMENTS, ESTIMATES AND KEY SOURCES OF ASSUMPTION UNCERTAINTY

The preparation of these parent company only financial statements requires management to make critical judgements in applying the Company's accounting policies and make critical assumptions and estimates concerning future events. Assumptions and estimates may differ from the actual results and are continually evaluated and adjusted based on historical experience and other factors. Such assumptions and estimates have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year; and the related information is addressed below:

(1) Critical judgements in applying the Company's accounting policies

None.

(2) Critical accounting estimates and assumptions

Evaluation of inventories

As inventories are stated at the lower of cost and net realizable value, the Company must determine the net realizable value of inventories on balance sheet date using judgements and estimates. Due to the rapid technology innovation, the Company evaluates the amounts of normal inventory consumption, obsolete inventories or inventories without market selling value on balance sheet date, and writes down the cost of inventories to the net realizable value. Such an evaluation of inventories is principally based on the demand for the products within the specified period in the future.

Therefore, there might be material changes to the evaluation.

6. DETAILS OF SIGNIFICANT ACCOUNTS

(1) Cash and cash equivalents

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Cash on hand	\$ 50	\$ 67
Checking accounts and demand deposits	22,746	19,972
Time deposits	<u>69,090</u>	<u>169,164</u>
	<u>\$ 91,886</u>	<u>\$ 189,203</u>

A. The Company transacts with a variety of financial institutions all with high credit quality to disperse credit risk, so it expects that the probability of counterparty default is remote.

B. The Company's time deposits that did not meet short-term cash commitments were classified as 'financial assets at amortized cost', please refer to Note 6 (2).

(2) Financial assets at amortized cost

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Non-current items:		
Social Bond	\$ 22,973	\$ 17,122
Less: Amortisation of a premium	(380)	(31)
	<u>\$ 22,593</u>	<u>\$ 17,091</u>

The above mentioned are time deposits that do not meet short-term cash commitments. For the years ended December 31, 2025 and 2024, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at amortized cost held by the Company was \$22,593 thousand and \$17,091 thousand, respectively.

(3) Notes and accounts receivable, net

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Notes receivable	\$ 742	\$ 320
Less: Allowance for bad debts	-	-
	<u>\$ 742</u>	<u>\$ 320</u>
	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Accounts receivable	\$ 76,138	\$ 90,183
Less: Allowance for bad debts	(5,019)	(5,021)
	<u>\$ 71,119</u>	<u>\$ 85,162</u>

A. The ageing analysis of notes and accounts receivable that were past due but not impaired is as follows:

	<u>December 31, 2025</u>		<u>December 31, 2024</u>	
	Notes receivable	Accounts receivable	Notes receivable	Accounts receivable
Not past due	\$ 742	\$ 65,576	\$ 320	\$ 79,869
Up to 30 days	-	5,528	-	5,023
31 to 120 days	-	15	-	270
over 121 days	-	5,019	-	5,021
	<u>\$ 742</u>	<u>\$ 76,138</u>	<u>\$ 320</u>	<u>\$ 90,183</u>

The above ageing analysis was based on past due date.

B. As of December 31, 2025 and 2024, all the Company's accounts and notes receivable arose from contracts with customers. As of January 1, 2024, the balance of receivables from contracts with customers amounted to \$91,932 thousand.

C. Information relating to credit risk of notes and accounts receivable is provided in Note 12(2).

D. As of December 31, 2025 and 2024, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the Company's notes and accounts receivable was the carrying amount of the notes and accounts receivable.

E. The Company did not hold any collateral.

(4) Inventories

	December 31, 2025		
	Cost	Allowance for slow-moving inventories and valuation loss	Book value
Goods	\$ 14,750	(\$ 8,685)	\$ 6,065
Raw materials	1,311	(886)	425
	<u>\$ 16,061</u>	<u>(\$ 9,571)</u>	<u>\$ 6,490</u>
	December 31, 2024		
	Cost	Allowance for slow-moving inventories and valuation loss	Book value
Goods	\$ 14,495	(\$ 8,058)	\$ 6,437
Raw materials	1,626	(911)	715
Goods in transit	216	-	216
	<u>\$ 16,337</u>	<u>(\$ 8,969)</u>	<u>\$ 7,368</u>

The cost of inventories recognised as expense for the year:

	Years ended December 31,	
	2025	2024
Cost and expense of goods sold	\$ 430,613	\$ 501,942
Loss on market price decline and obsolescence	602	926
Others	233	1
	<u>\$ 431,448</u>	<u>\$ 502,869</u>

(5) Financial assets at fair value through other comprehensive income - non-current

Items	December 31, 2025	December 31, 2024
Non-current items:		
Equity instruments		
Unlisted stocks	\$ 8,481	\$ 8,481
Valuation adjustment	(5,815)	(5,815)
	<u>\$ 2,666</u>	<u>\$ 2,666</u>

A. The Company has elected to classify stock investments that are considered to be strategic investments as financial assets at fair value through other comprehensive income. The fair value of such investments amounted to \$2,666 thousand and \$2,666 thousand as at December 31, 2025 and 2024, respectively.

B. Amounts recognised in other comprehensive income in relation to the financial assets at fair value through other comprehensive income are listed below:

<u>Equity instruments at fair value through other comprehensive income</u>	<u>Years ended December 31,</u>	
	<u>2025</u>	<u>2024</u>
Fair value change recognised in other comprehensive income	\$ <u> </u> -	(\$ <u> </u> 1,735)

C. As at December 31, 2025 and 2024, without taking into account any collateral held or other credit enhancements, the maximum exposure to credit risk in respect of the amount that best represents the financial assets at fair value through other comprehensive income held by the Company was \$2,666 thousand and \$2,666 thousand, respectively.

D. The Company did not pledge non-current financial assets at fair value through other comprehensive income to others as collateral.

E. Information relating to credit risk of financial assets at fair value through other comprehensive income is provided in Note 12(2).

(6) Investments accounted for using equity method

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
WORLD EXTEND HOLDING INC.	\$ 736,441	\$ 840,730
HONG BO INVESTMENT CO., LTD.	-	7,027
StrongLED Lighting System (Cayman) Co., Ltd.	<u>543,796</u>	<u>651,865</u>
	\$ <u>1,280,237</u>	\$ <u>1,499,622</u>

A. Subsidiaries

(a) The information regarding the Company's subsidiaries is provided in Note 4(3) in the consolidated financial statements for the year ended December 31, 2025.

(b) The Company's share of profit (loss) of subsidiaries accounted for using equity method for the years ended December 31, 2025 and 2024 amounted to (\$143,587) thousand and (\$44,971) thousand, respectively.

(c) The Company's subsidiary, HONG BO INVESTMENT CO., LTD., was originally incorporated for investment purposes. Due to the Group having no other planned investment projects in the short term, the Board of Directors resolved on October 24, 2024, to dissolve and liquidate the subsidiary to simplify the Group's investment structure, reduce maintenance costs, and enhance fund utilization. The effective date for the dissolution was set on December 31, 2024, and the registration for the dissolution was approved by the New Taipei City Government on January 15, 2025. As of December 31, 2025, the liquidation process is still in progress.

(7) Property, plant and equipment

	2025					
	<u>At January 1</u>	<u>Additions</u>	<u>Disposals</u>	<u>Transfers</u>	<u>Net exchange differences</u>	<u>At December 31</u>
Cost

	<u>\$ 1,724</u>					<u>\$ 1,278</u>

- A. Amount of borrowing costs capitalized as part of property, plant and equipment and the range of the interest rates for such capitalization: None for the years ended December 31, 2025 and 2024.
- B. Information about the property, plant and equipment that were pledged to others as collaterals: None for the years ended December 31, 2025 and 2024.

(8) Leasing arrangements-lessee

A. The Company leases various assets including buildings. Rental contracts are typically made for periods of 2 to 3 years. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose covenants, but leased assets may not be used as security for borrowing purposes.

B. The carrying amount of right-of-use assets and the depreciation charge are as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
	<u>Carrying amount</u>	<u>Carrying amount</u>
Buildings	\$ 484	\$ 7,741
	<u>Years ended December 31,</u>	
	<u>2025</u>	<u>2024</u>
	<u>Depreciation charge</u>	<u>Depreciation charge</u>
Buildings	\$ 7,257	\$ 7,257

C. For the years ended December 31, 2025 and 2024, there were no additions to right-of-use assets.

D. The information on income and expense accounts relating to lease contracts is as follows:

	<u>Years ended December 31,</u>	
	<u>2025</u>	<u>2024</u>
<u>Items affecting profit or loss</u>		
Interest expense on lease liabilities	\$ 81	\$ 231

E. For the years ended December 31, 2025 and 2024, the Company's total cash outflow for leases amounted to \$7,466 thousand and \$7,466 thousand, respectively.

(9) Pensions

A. (a) The Company has a defined benefit pension plan in accordance with the Labor Standards Act, covering all regular employees' service years prior to the enforcement of the Labor Pension Act on July 1, 2005 and service years thereafter of employees who chose to continue to be subject to the pension mechanism under the Act. Under the defined benefit pension plan, two units are accrued for each year of service for the first 15 years and one unit for each additional year thereafter, subject to a maximum of 45 units. Pension benefits are based on the number of units accrued and the average monthly salaries and wages of the last 6 months prior to retirement. The Company contributes monthly an amount equal to 2% of the employees' monthly salaries and wages to the retirement fund deposited with Bank of Taiwan, the trustee, under the name of the independent retirement fund committee. Also, the Company would assess the balance in the aforementioned labor pension reserve account by December 31, every year. If the account balance is insufficient to pay the pension calculated by the aforementioned method, to the employees expected to be qualified for retirement next year, the Company will make contributions to cover the deficit by next March.

(b) The amounts recognised in the balance sheet are as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Present value of defined benefit obligations	\$ 13,407	\$ 13,751
Fair value of plan assets	(6,434)	(5,897)
Net defined benefit liability	<u>\$ 6,973</u>	<u>\$ 7,854</u>

(c) Movements in net defined benefit liabilities are as follows:

	<u>Present value of defined benefit obligations</u>	<u>Fair value of plan assets</u>	<u>Present value of defined benefit obligations</u>
Year ended December 31, 2025			
Balance at January 1	\$ 13,751	(\$ 5,897)	\$ 7,854
Interest cost	127	-	127
	<u>13,878</u>	<u>(5,897)</u>	<u>7,981</u>
Remeasurements:			
Change in financial assumptions	69	-	69
Experience adjustments	704	(515)	189
	<u>773</u>	<u>(515)</u>	<u>258</u>
Pension fund contribution	-	-	-
Paid pension	(1,244)	(22)	(1,266)
Balance at December 31	<u>\$ 13,407</u>	<u>(\$ 6,434)</u>	<u>\$ 6,973</u>
Year ended December 31, 2024			
Balance at January 1	\$ 13,973	(\$ 5,293)	\$ 8,680
Interest cost	191	(72)	119
	<u>14,164</u>	<u>(5,365)</u>	<u>8,799</u>
Remeasurements:			
Change in financial assumptions	(171)	-	(171)
Experience adjustments	(242)	(498)	(740)
	<u>(413)</u>	<u>(498)</u>	<u>(911)</u>
Pension fund contribution	-	(34)	(34)
Paid pension	-	-	-
Balance at December 31	<u>\$ 13,751</u>	<u>(\$ 5,897)</u>	<u>\$ 7,854</u>

(d) The Bank of Taiwan was commissioned to manage the Fund of the Company's defined benefit pension plan in accordance with the Fund's annual investment and utilisation plan and the "Regulations for Revenues, Expenditures, Safeguard and Utilisation of the Labor Retirement Fund" (Article 6: The scope of utilisation for the Fund includes deposit in domestic or foreign financial institutions, investment in domestic or foreign listed, over-the-counter, or private placement equity securities, investment in domestic or foreign real estate securitisation

products, etc.). With regard to the utilisation of the Fund, its minimum earnings in the annual distributions on the final financial statements shall be no less than the earnings attainable from the amounts accrued from two-year time deposits with the interest rates offered by local banks. If the earnings is less than aforementioned rates, government shall make payment for the deficit after being authorised by the Regulator. The Company has no right to participate in managing and operating that fund and hence the Company is unable to disclose the classification of plan asset fair value in accordance with IAS 19 paragraph 142. The composition of fair value of plan assets as of December 31, 2025 and 2024 is given in the Annual Labor Retirement Fund Utilisation Report announced by the government.

(e) The principal actuarial assumptions used were as follows:

	Years ended December 31,	
	2025	2024
Discount rate	1.50%	1.63%
Future salary increases	3.00%	3.00%

Future mortality rate was estimated based on the 6th Taiwan Standard Ordinary Experience Mortality Table.

Because the main actuarial assumption changed, the present value of defined benefit obligation is affected. The analysis was as follows:

	Discount rate		Future salary increases	
	Increase 0.25%	Decrease 0.25%	Increase 0.25%	Decrease 0.25%
December 31, 2025				
Effect on present value of defined benefit obligation	(\$ 138)	\$ 140	\$ 130	(\$ 129)
December 31, 2024				
Effect on present value of defined benefit obligation	(\$ 168)	\$ 171	\$ 162	(\$ 160)

The sensitivity analysis above is based on other conditions that are unchanged but only one assumption is changed. In practice, more than one assumption may change all at once.

(f) Expected contributions to the defined benefit pension plans of the Company for the year ending December 31, 2026 amount to \$16 thousand.

(g) As of December 31, 2025, the weighted average duration of that retirement plan is 4.69 years. The analysis of timing of the future pension payment was as follows:

1-5 years	\$	5,528
Over 5 years		8,705
	\$	<u>14,233</u>

B. (a) Effective July 1, 2005, the Company has established a defined contribution pension plan (the “New Plan”) under the Labor Pension Act (the “Act”), covering all regular employees with R.O.C. nationality. Under the New Plan, the Company contributes monthly an amount based on 6% of the employees’ monthly salaries and wages to the employees’ individual pension accounts at the Bureau of Labor Insurance. The benefits accrued are paid monthly or in lump sum upon termination of employment.

(b) The pension costs under defined contribution pension plans of the Company for the years ended December 31, 2025 and 2024, were \$1,725 thousand and \$1,798 thousand, respectively.

(10) Share-based payment

A. For the years ended December 31, 2025 and 2024, the Company’s share-based payment arrangements were as follows:

Type of arrangement	Grant date	Quantity granted (in thousands)	Contract period	Vesting conditions	Actual turnover rate in 2025	Actual turnover rate in 2024	Estimated future turnover rate
Seventh employee stock options	2022.10.31	600	5 years	2~4 years’ service	16.67%	2.70%	0.00%
Eighth employee stock options	2024.12.23	600	5 years	2~4 years’ service	10.00%	0.00%	0.00%

Note : The actual turnover rate for the year ended December 31, 2025 included 2 retirees from 2023, whose stock options expired in 2025 under the Employee Stock Option Plan.

B. Details of the share-based payment arrangements are as follows:

(a) Seventh employee stock options

	2025		2024	
	No. of options (in thousands)	Weighted-average exercise price (in dollars)	No. of options (in thousands)	Weighted-average exercise price (in dollars)
Options outstanding at January 1	554	\$ 27.70	558	\$ 28.40
Options forfeited (Note)	(45)	26.80	(4)	27.70
Options outstanding at December 31	<u>509</u>	26.80	<u>554</u>	27.70
Options exercisable at December 31	<u>382</u>		<u>277</u>	

Note: Price was adjusted due to ex-dividend. In addition, 25 thousand shares and 20 thousand shares of employee stock option were expired in the year as a result of resignation and retirement, respectively.

(b) Eighth employee stock options

	2025		2024	
	No. of options (in thousands)	Weighted-average exercise price (in dollars)	No. of options (in thousands)	Weighted-average exercise price (in dollars)
Options outstanding at January 1	560	\$ 23.45	-	\$ -
Options granted	-	-	600	23.45
Options forfeited (Note)	(29)	22.70	(40)	23.45
Options outstanding at December 31	<u>531</u>	<u>22.70</u>	<u>560</u>	<u>23.45</u>
Options exercisable at December 31	<u>-</u>		<u>-</u>	

Note: Price was adjusted due to ex-dividend.

C. The expiry date and exercise price of stock options outstanding at balance sheet date are as follows:

	Expiry date	December 31, 2025		December 31, 2024	
		No. of options (in thousands)	Exercise price	No. of options (in thousands)	Exercise price
Seventh employee stock options	2027.10.30	509	26.80	554	27.70
Eighth employee stock options	2029.12.22	531	22.70	560	23.45

D. The fair value of stock options granted on grant date is measured using the Black-Scholes option-pricing model. Relevant information is as follows:

Type of arrangement	Grant date	Stock price	Exercise price	Expected price volatility (Note 1)	Expected option life	Expected dividends	Risk-free interest rate	Fair value per unit
Employee share options	2022.10.31	30.00	30.00	17.76%	5 years	-	1.32%	5.08
Employee share options	2024.12.23	23.45	23.45	11.65%	5 years	-	1.45%	3.00

Note : Expected price volatility rate was estimated by using the stock prices of the most recent period with length of this period approximate to the length of the stock options' expected life, and the standard deviation of return on the stock during this period.

E. Expenses incurred on share-based payment transactions are shown below:

	Years ended December 31,	
	2025	2024
Equity-settled - employee stock options	\$ 901	\$ 978

(11) Share capital

A. As of December 31, 2025, the Company's authorised capital was \$800,000 thousand, consisting of 80,000 thousand shares of ordinary stock (including 8,000 thousand shares reserved for employee stock options), and the paid-in capital was \$568,886 thousand with a par value of \$10 (in dollars) per share, and the total share capital amounted to \$568,886 thousand.

B. The Company purchased 112 thousand common shares on November 1, 2023. The acquisition price was NT\$20.9 per share. In addition, on December 20, 2023, the Board of Directors resolved to set the effective date of issuance of new shares on December 25, 2023 and the registration of changes had been completed on February 7, 2024.

Movements in the number of the Company's ordinary shares outstanding are as follows:

	(Unit: shares in thousands)	
	2025	2024
At January 1	57,497	57,497
Purchase of treasury shares	(1,108)	-
At December 31	56,389	57,497

C. Treasury shares

(a) Reason for share reacquisition and movements in the number of the Company's treasury shares are as follows:

Reason for reacquisition	Year ended December 31, 2025			
	No. of shares at beginning of the period	Increase in the period	Decrease in the period	No. of shares at end of the period
Reissued to employees	500	500	(500)	500
Enhancing the Company's credit rating and the stockholders' equity	-	608	(608)	-
	500	1,108	(1,108)	500

Reason for reacquisition	Year ended December 31, 2024			
	No. of shares at beginning of the period	Increase in the period	Decrease in the period	No. of shares at end of the period
Reissued to employees	500	-	-	500

(b) In order to encourage employees and strengthen coherence of the Company, the Board of Directors during its special meeting on April 15, 2025, to implement the fifth repurchase of treasury shares for transfer to employees. The planned repurchase shares amounted to 500 thousand shares within a price range of NT\$15 (in dollars) to NT\$25 (in dollars) per share,

with the repurchase period ranged from April 16, 2025 to June 15, 2025. As of December 31, 2025, all 500 thousand shares had been repurchased for a total of NT\$11,008 thousand. As of December 31, 2025 and 2024, the balances of treasury shares after repurchases and transfers to employees were \$11,008 thousand and \$14,372 thousand respectively.

- (c) In order to encourage employees and strengthen coherence of the Company, the Board of Directors resolved on January 17, 2025, to implement the fourth repurchase of treasury shares for transfer to employees. The planned repurchase shares amounted to 1,000 thousand shares, with a price range between NT\$18 (in dollars) and NT\$28 (in dollars) per share. The original repurchase period was scheduled from January 20, 2025, to March 19, 2025. However, in compliance with Item 4, Question 59 of the "Integrated Q&A on Treasury Share Repurchases," which states that a company should not repurchase its own shares during the period from the announcement of the ex-dividend date until two days prior to the book closure date, the final execution date of repurchasing the Company's shares was moved forward to February 26, 2025. A total of 608 thousand shares were repurchased for an aggregate amount of NT\$15,321 thousand. On April 30, 2025, the Board of Directors resolved to change the purpose of the 608 thousand repurchased shares from "transfer to employees" to "maintenance of the Company's credit and shareholders' equity." This change was approved by the Financial Supervisory Commission on May 8, 2025. Subsequently, the Board resolved on May 23, 2025, to retire these treasury shares, setting June 2, 2025, as the record date for the capital reduction. The registration for the change was completed on July 9, 2025.
- (d) Pursuant to the "Regulations Governing the Second Repurchase and Transfer of Shares to Employees," repurchased shares shall be transferred to employees in one or multiple tranches within five years from the completion date of the repurchase. Any shares not transferred within this period shall be deemed unissued shares of the Company, and such shares shall be retired and registered for the retirement in accordance with the law. On July 30, 2021, the Board of Directors resolved to transfer 500 thousand shares out of the 1,000 thousand shares from the second repurchase to employees. The transfer price was set at the actual average repurchase price of NT\$28.74 (in dollars) per share. Subscription payments were fully received on August 11, 2021, and the delivery and transfer of these treasury shares to employees were completed on August 25, 2021. On April 9, 2025, the Board of Directors resolved to retire the remaining 500 thousand shares from the second treasury share repurchase. The effective date for the retirement of treasury shares was set on April 21, 2025. The registration was completed on May 12, 2025.
- (e) Pursuant to the R.O.C. Securities and Exchange Act, the number of shares bought back as treasury share should not exceed 10% of the number of the Company's issued and outstanding shares and the amount bought back should not exceed the sum of retained earnings, paid-in capital in excess of par value and realized capital surplus.

- (f) Pursuant to the R.O.C. Securities and Exchange Act, treasury shares should not be pledged as collateral and is not entitled to dividends before it is reissued.
- (g) Pursuant to the R.O.C. Securities and Exchange Act, the 1st and 2nd purchase of treasury shares should be reissued to the employees within three and five years from the reacquisition date, respectively, and shares not reissued within the three-year or five-year period are to be retired. Treasury shares to enhance the Company's credit rating and the stockholders' equity should be retired within six months of acquisition.

(12) Capital surplus

Pursuant to the R.O.C. Company Act, capital surplus arising from paid-in capital in excess of par value on issuance of common stocks and donations can be used to cover accumulated deficit or to issue new stocks or cash to shareholders in proportion to their share ownership, provided that the Company has no accumulated deficit. Further, the R.O.C. Securities and Exchange Act requires that the amount of capital surplus to be capitalised mentioned above should not exceed 10% of the paid-in capital each year. Capital surplus should not be used to cover accumulated deficit unless the legal reserve is insufficient.

(13) Retained earnings

- A. Under the Company's Articles of Incorporation, the current year's earnings, if any, shall be distributed in the following order:
 - (a) Offset prior years' operating losses, if any.
 - (b) Set aside 10% of the remaining amount as legal reserve, and set aside or reverse special reserve when necessary.
 - (c) The remainder along with the unappropriated earnings of prior years is the accumulated distributable earnings. The appropriation of accumulated distributable earnings shall be proposed by the Board of Directors and be resolved by the shareholders.

The Company is at the development stage. In line with current and future development plans and investment environment, and to respond to capital needs and domestic and foreign competition, as well as shareholders' benefits, balanced dividends and the Company's long-term financial plan, etc., the earnings shall be appropriated in compliance with the above regulations. The ratio of dividends to shareholders shall account for at least 50% of the accumulated distributable earnings, of which the ratio of cash dividends shall account for at least 10% of the total dividends distributed. However, the Board of Directors shall adjust the ratios based on current year's operating status and shall report to the shareholders for a resolution.

- B. Under a resolution made by the Board of Directors, at a meeting attended by more than two-thirds of the directors and adopted by a majority vote of the directors present, full or partial of the distributable dividends and bonus, capital surplus or legal reserve will be distributed in the form of cash, and shall be reported to the shareholders. The regulation in relation to approval from the shareholders as above mentioned is not applicable.

- C. Except for covering accumulated deficit or issuing new stocks or cash to shareholders in proportion to their share ownership, the legal reserve shall not be used for any other purpose. The use of legal reserve for the issuance of stocks or cash to shareholders in proportion to their share ownership is permitted, provided that the distribution of the reserve is limited to the portion in excess of 25% of the Company's paid-in capital.
- D. (a) In accordance with the regulations, the Company shall set aside special reserve from the debit balance on other equity items at the balance sheet date before distributing earnings. When debit balance on other equity items is reversed subsequently, the reversed amount could be included in the distributable earnings.
- (b) The amount previously set aside by the Company as special reserve on initial application of IFRSs in accordance with Order No. Financial-Supervisory-Securities-Corporate-1010012865, dated April 6, 2012, shall be the same as the amount reclassified from accumulated translation adjustment under shareholders' equity to retained earnings for the exemptions elected by the Company. The increase in special reserve as a result of retained earnings arising from the adoption of IFRS was \$38,429 thousand.
- E. (a) The appropriations proposal of 2024 and 2023 earnings, which was resolved at the shareholders' meeting on May 29, 2025 and May 29, 2024, respectively, are detailed as follows:

	Years ended December 31,			
	2024		2023	
	Amount	Dividends per share (in dollars)	Amount	Dividends per share (in dollars)
Legal reserve	\$ 95		\$ 3,268	
(Reversal of)				
special reserve	(48,604)		12,007	
Cash dividends	<u>45,511</u>	\$ 0.80	<u>40,248</u>	\$ 0.70
	<u>(\$ 2,998)</u>		<u>\$ 55,523</u>	

Cash dividends have been resolved at the meeting of Board of Directors on February 27, 2025 and February 27, 2024.

(21) Employee benefit expense

	Years ended December 31,					
	2025			2024		
	Classified as operating costs	Classified as operating expenses	Total	Classified as operating costs	Classified as operating expenses	Total
Wages and salaries	\$ 3,257	\$ 32,107	\$ 35,364	\$ 4,165	\$ 33,391	\$ 37,556
Labour and health insurance fees	308	3,177	3,485	473	3,221	3,694
Pension costs	177	1,675	1,852	246	1,671	1,917
Directors' remunerations	-	3,867	3,867	-	2,381	2,381
Other employee benefit expense	83	2,066	2,149	178	2,107	2,285

- A. As at December 31, 2025 and 2024, the Company had 47 and 49 employees, both including 6 non-employee directors, respectively.
- B. Average employee benefit expense in current year was \$ 1,045 thousand ('total employee benefit expense in current year – total directors' remuneration in current year' / 'the number of employees in current year – the number of non-employee directors in current year'). Average employee benefit expense in previous year was \$1,057 thousand ('total employee benefit expense in previous year – total directors' remuneration in previous year' / 'the number of employees in previous year – the number of non-employee directors in previous year').
- C. Average employees salaries in current year was \$ 863 thousand (total salaries and wages in current year / 'the number of employees in current year - the number of non-employee directors in current year'). Average employees salaries in previous year was \$873 thousand (total salaries and wages in previous year / 'the number of employees in previous year - the number of non-employee directors in previous year').

- D. Adjustments of average employee salaries and wages for the current year was (1.15%) ('the average employee salaries and wages in current year - the average employee salaries and wages in previous year / the average employee salaries and wages in previous year). Adjustments of average employee salaries and wages for the previous year was (17.72%) ('the average employee salaries and wages in previous year - the average employee salaries and wages for the past two years / the average employee salaries and wages for the past two years).
- E. The Company has an Audit Committee, thus, there was no supervisor.
- F. The Company's remuneration for directors includes directors' remuneration, traveling expenses and rewards paid to directors. Directors' return was based on standard rates within the same industry. Traveling expenses were based on the attendance of the Board of Directors. Directors' remuneration was regulated based on the Company's Articles of Incorporation and reviewed by the remuneration committee and shall be resolved by the Board of Directors and then reported to the shareholders. The individual directors' performance was assessed in accordance with "Self-Evaluation or Peer Evaluation of the Board of Directors", which were listed as the calculation basis of appropriation rate of individual salary and return in accordance with the 'management regulation of directors' remuneration and return'. The appropriation result shall be reviewed by the remuneration committee and approved by the Board of Directors, then the Company pays the salaries to directors. Managers' and employees' compensation including salary, award, and employee stock options were determined based on the position and responsibility, and referred to the standard rates of the same position in the same industry and 'Regulations on performance management' to assess individual performance. The assessment result will be listed as the computing bases according to the performance of employees' assessment. Managers' remuneration will be reviewed by the remuneration committee and resolved by the Board of Directors.
- G. In accordance with the Articles of Incorporation of the Company, a ratio of distributable profit of the current year shall be distributed as employees' compensation and directors' remuneration. The ratio shall not be lower than 5~15% for employees' compensation and shall not be higher than 2.5% for directors' remuneration. However, no less than 40% of employees' compensation shall be distributed to non-managerial employees. If a company has accumulated deficit, earnings should be reserved to cover losses first.
- H. For the years ended December 31, 2025 and 2024, the accrued employees' compensation and directors' remuneration is as follows:

	Years ended December 31,	
	2025	2024
Employees' compensation	\$ -	\$ 407
Directors' remuneration	-	65
	<u>\$ -</u>	<u>\$ 472</u>

The aforementioned amounts were recognised in salary expenses. The Company did not accrue employees' compensation and directors' remuneration because the Company had loss, net of tax for the year ended December 31, 2025. The Company accrued employees' compensation and directors' remuneration based on 9% and 1.44% of distributable profit of current year for the year ended December 31, 2024.

Employees' compensation and directors' remuneration for 2025 and 2024 as resolved by the Board of Directors were in agreement with those amounts recognised in the 2025 and 2024 financial statements. The employees' compensation will be distributed in the form of cash.

Information about employees' compensation and directors' remuneration of the Company as resolved at the meeting of Board of Directors will be posted in the "Market Observation Post System" at the website of the Taiwan Stock Exchange.

(22) Income tax

A. Income tax expense

(a) Components of income tax expense:

	Years ended December 31,	
	2025	2024
Current tax:		
Current tax on profits for the year	\$ 17,682	\$ 26,426
Tax on undistributed surplus earnings	197	(251)
Effect from investment tax credit	-	(63)
Prior year income tax overestimation	288	-
Total current tax	18,167	26,112
Deferred tax:		
Origination and reversal of temporary differences	(21,010)	(22,282)
Income tax (benefit) expense	(\$ 2,843)	\$ 3,830

(b) The income tax (charge)/credit relating to components of other comprehensive income is as follows:

	Years ended December 31,	
	2025	2024
Temporary differences:		
Remeasurement of defined benefit obligations	(\$ 52)	\$ 182
Unrealised loss on financial assets at fair value through other comprehensive income	-	(434)
	(\$ 52)	(\$ 252)

B. Reconciliation between income tax expense and accounting profit

	Years ended December 31,	
	2025	2024
Tax calculated based on profit before tax and statutory tax rate	(\$ 21,410)	\$ 811
Expenses disallowed by tax regulation	18,082	3,220
Effect from investment tax credit	- (63)
Prior year income tax overestimation	288	-
Change in assessment of realisation of deferred tax assets	-	113
Tax on undistributed earnings	197 (251)
Income tax (benefit) expense	<u>(\$ 2,843)</u>	<u>\$ 3,830</u>

C. Amounts of deferred tax assets or liabilities as a result of temporary differences are as follows:

	2025			
	January 1	Recognised in profit or loss	Recognised in other comprehensive income	December 31
Temporary differences:				
-Deferred tax assets:				
Overseas long-term investment loss	\$ 9,608	\$ 19,398	\$ -	29,006
Allowance for inventory valuation and obsolescence losses	1,794	120	-	1,914
Tax losses	-	-	-	-

Unrealised loss on financial assets at fair value through other comprehensive income	1,163	-	-	1,163
Allowance for bad debts	823	27	-	850
Unused compensated absences	433 (38)	-	395
Amortisation of a premium on bonds	6	69	-	75
	<u>\$ 15,666</u>	<u>\$ 19,316</u>	<u>\$ 52</u>	<u>\$ 35,034</u>
-Deferred tax liabilities:				
(Gains) losses on foreign long-term investments	(\$ 13,697)	\$ 1,774	\$ -	(\$ 11,923)
Remeasurement of defined benefit obligations	- (19)	- (19)
Unrealised foreign exchange (gains) losses	(154)	(61)	- (215)
	<u>(\$ 13,851)</u>	<u>\$ 1,694</u>	<u>\$ -</u>	<u>(\$ 12,157)</u>
	<u>\$ 1,815</u>	<u>\$ 21,010</u>	<u>\$ 52</u>	<u>\$ 22,877</u>

	2024			
	January 1	Recognised in profit or loss	Recognised in other comprehensive income	December 31
Temporary differences:				
-Deferred tax assets:				
Overseas long-term investment loss	\$ 876	\$ 8,732	\$ -	9,608
Allowance for inventory valuation and obsolescence losses	1,609	185	-	1,794
Tax losses	2,344	(2,344)	-	-
Unrealised sales returns and discounts	106	17	-	123
Warranty liabilities	75	70	-	145
Unallocated amount of accrued pension expense	192	17	-	209
Remeasurement of defined benefit obligations	1,544	-	(182)	1,362
Unrealised loss on financial assets at fair value through other comprehensive income	729	-	434	1,163
Allowance for bad debts	631	192	-	823
Unused compensated absences	399	34	-	433
Amortisation of a premium on bonds	-	6	-	6
	<u>\$ 8,505</u>	<u>\$ 6,909</u>	<u>\$ 252</u>	<u>\$ 15,666</u>
-Deferred tax liabilities:				
(Gains) losses on foreign long-term investments	(\$ 28,781)	\$ 15,084	\$ -	(\$ 13,697)
Unrealised foreign exchange (gains) losses	(443)	289	-	(154)
	<u>(\$ 29,224)</u>	<u>\$ 15,373</u>	<u>\$ -</u>	<u>(\$ 13,851)</u>
	<u>(\$ 20,719)</u>	<u>\$ 22,282</u>	<u>\$ 252</u>	<u>\$ 1,815</u>

D. The Company has not recognised taxable temporary differences associated with investment in subsidiaries as deferred tax liabilities. As of December 31, 2025 and 2024, the amounts of temporary difference unrecognised as deferred tax liabilities were \$42,998 and \$56,308 thousand, respectively.

E. The Company's income tax returns through 2023 have been assessed and approved by the Tax Authority.

(23) Earnings (losses) per share

	Year ended December 31, 2025		
	Amount after tax	Weighted average number of ordinary shares outstanding (shares in thousands)	Losses per share (in dollars)
<u>Basic losses per share</u>			
Loss for the year	(\$ 104,208)	56,626	(\$ 1.84)
<u>Diluted losses per share</u>			
Loss for the year	(104,208)	56,626	
Assumed conversion of all dilutive potential ordinary shares			
- Employees' compensation	-	-	
- Employee stock options	-	-	
Profit plus assumed conversion of all dilutive potential ordinary shares	(\$ 104,208)	56,626	(\$ 1.84)
	Year ended December 31, 2024		
	Amount after tax	Weighted average number of ordinary shares outstanding (shares in thousands)	Earnings per share (in dollars)
<u>Basic earnings per share</u>			
Profit for the year	\$ 224	57,497	\$ 0.0039
<u>Diluted earnings per share</u>			
Profit for the year	224	57,497	
Assumed conversion of all dilutive potential ordinary shares			
- Employees' compensation	-	65	
- Employee stock options	-	-	
Profit plus assumed conversion of all dilutive potential ordinary shares	\$ 224	57,562	\$ 0.0039

The Company may settle the compensation of employees in cash or shares; therefore, the Company assumes that the entire amount of the compensation will be settled in shares, and the resulting potential shares are included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

(24) Supplemental cash flow information

Investing activities with partial cash payments:

	Years ended December 31,	
	2025	2024

	<u>\$ 416,802</u>	<u>\$ 482,259</u>

Purchase transactions between the Company and subsidiaries mainly consists of the Company's purchases of lamps and related products from the subsidiaries in Mainland China. Transaction price is made based on the transfer pricing policy of Tons Lightology Inc. The credit term is 90 days after monthly billings and payments are made according to the capital needs of the subsidiaries. There is no comparison for these transactions as the Company does not purchase similar products from general suppliers.

B. Other receivables

	December 31, 2025	December 31, 2024
Other receivable due from related parties:		
-WORLD EXTEND(Note)	<u>\$ 25,144</u>	<u>\$ -</u>

Note: To align with the Group's working capital planning, the Board of Directors resolved on December 24, 2025, to approve WORLD EXTEND's capital reduction amounting to USD 800,000, and the proceeds shall be remitted back to the Company.

C. Payables to related parties

	December 31, 2025	December 31, 2024
Accounts payable:		
-TITAN	\$ 95,727	\$ 119,063
-ZHONGSHAN TONS	3,119	2,762
-Grand Canyon (Su Zhou)	1,742	2,653
	<u>\$ 100,588</u>	<u>\$ 124,478</u>

The payables to related parties arise mainly from purchase transactions and are due three months after the date of purchase. The payables bear no interest.

D. Other payables

	December 31, 2025	December 31, 2024
Other payables to related parties:		
-TITAN	<u>\$ 2,822</u>	<u>\$ 1,733</u>

Other payables to related parties mainly arose from collection of payments on behalf of related parties.

(3) Key management compensation

	Years ended December 31,	
	2025	2024
Salary and short-term employee benefits	\$ 18,517	\$ 16,434
Post-employment benefits	468	509
Share-based payments	251	415
	<u>\$ 19,236</u>	<u>\$ 17,358</u>

8. PLEDGED ASSETS

The Company's assets pledged as collateral are as follows:

Pledged asset	Book value		Purpose
	December 31, 2025	December 31, 2024	
Guarantee deposits paid (shown as 'other non-current assets')	<u>\$ 1,818</u>	<u>\$ 1,888</u>	Security commitment deposits and Construction deposits paid

9. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNISED CONTRACT

COMMITMENTS

(1) Contingencies

None.

(2) Commitments

Considering the Company's long-term development and operating demand, on May 23, 2025, the Board of Directors resolved to purchase a factory office located in Tucheng. On August 4, 2025, the Company entered into a formal contract. As of December 31, 2025, the Company paid \$52,495 thousand (shown as unfinished construction under property, plant and equipment). The relevant information is as follows:

A. Counterparty: Xufeng Construction Co., Ltd.

B. Name of the construction project: Xufeng SKY16 Times Square.

C. Object address: 11 F., No. 16, Chengtian Rd., Tucheng Dist., New Taipei City and parking spaces

D. Object area: 408.91 ping and 15 units of parking spaces

E. Expected amount: Approximately NT\$244,128 thousand

10. SIGNIFICANT DISASTER LOSS

None.

11. SIGNIFICANT EVENTS AFTER THE BALANCE SHEET DATE

None.

12. OTHERS

(1) Capital management

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders and issue new shares to reduce debt. The Company monitors capital on the basis of the debt-to-asset ratio. This ratio is calculated as net debt divided by total assets.

During the year ended December 31, 2025, the Company's strategy, which was unchanged from 2024, was to maintain the debt-to-asset ratio within 40%. The debt-to-asset ratios at December 31, 2025 and 2024, were as follows:

	<u>December 31, 2025</u>	<u>December 31, 2024</u>
Total liabilities	\$ 158,379	\$ 214,802
Total assets	\$ 1,596,541	\$ 1,834,932
Gearing ratio	<u>10%</u>	<u>12%</u>

(2) Financial instruments

Financial liabilities at amortised cost		
Accounts payable (including related parties)	\$ 101,207	\$ 127,637
Other accounts payable (including related parties)	17,120	19,130
Guarantee deposits received	1,126	1,126
	<u>\$ 119,453</u>	<u>\$ 147,893</u>
Lease liability (including current portion)	<u>\$ 491</u>	<u>\$ 7,876</u>

B. Financial risk management policies

- (a) The Company's activities expose it to a variety of financial risks: market risk (including foreign exchange risk, interest rate risk and price risk), credit risk and liquidity risk.
- (b) Risk management is carried out by a central treasury department (Company treasury) under policies approved by the Board of Directors. Company treasury identifies, evaluates and hedges financial risks in close cooperation with the Company's operating units. The Board provides written principles for overall risk management, as well as written policies covering specific areas and matters, such as foreign exchange risk, interest rate risk, credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

C. Significant financial risks and degrees of financial risks

(a) Market risk

Foreign exchange risk

- i. The Company operates internationally and is exposed to foreign exchange risk arising from the transactions of the Company used in various functional currency, primarily with respect to the USD and RMB. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities.
- ii. The Company treasury is responsible for hedging the entire foreign exchange risk exposure. Exchange rate risk is measured through a forecast of highly probable USD and RMB income and expenditures. The treasury uses natural hedge to decrease the risk exposure in the foreign currency.
- iii. The Company's risk management policy is to hedge anticipated cash flows (mainly from export sales and purchase of inventory) in each major foreign currency.

(Remainder of page intentionally left blank)

- v. The Company's businesses involve some non-functional currency operations (the Company's functional currency: NTD). The information on assets and liabilities denominated in foreign currencies whose values would be materially affected by the exchange rate fluctuations and analysis of foreign currency market risk arising from significant foreign exchange variation are as follows:

Year ended December 31, 2025

	Foreign currency amount (In thousands)	Exchange rate	Book value (In thousands of NTD)	Sensitivity analysis		
				Degree of variation	Effect on profit or loss	Effect on other comprehensive income
(Foreign currency: functional currency)

- vi. The total exchange (loss) gain, including realised and unrealised, arising from significant foreign exchange variation on the monetary items held by the Company for the years ended December 31, 2025 and 2024, amounted to net gain of \$1,409 thousand and net gain of \$3,077 thousand, respectively.

Price risk

- i. The Company's equity securities, which are exposed to price risk, are the held financial assets at fair value through other comprehensive income.
- ii. The Company's investments in equity securities comprise shares issued by the domestic companies. The prices of equity securities would change due to the change of the future value of investee companies. If the prices of these equity securities had increased/decreased by 1% with all other variables held constant, For the years ended December 31, 2025 and 2024, other components of equity would have increased/decreased by \$ 27 thousand and \$27 thousand, respectively, as a result of other comprehensive income classified as equity investment at fair value through other comprehensive income.

Cash flow and fair value interest rate risk

For the years ended December 31, 2025 and 2024, the Company has no items with impact on profit (loss) due to changes in interest rates.

(b) Credit risk

- i. Credit risk refers to the risk of financial loss to the Company arising from default by the clients or counterparties of financial instruments on the contract obligations. The main factor is that counterparties could not repay in full the accounts receivable based on the agreed terms.
- ii. For banks and financial institutions, the Company transacts with a variety of banks and financial institutions, mainly domestic and overseas well-known financial institutions, to avoid concentration in any single counterparty and to minimise credit risk. The Company can only enter into the financial services and loan agreement provided by banks and financial institutions after being approved by the Board of Directors or authorised management according to the Company's delegation of authorisation policy. According to the Company's credit policy, each local entity in the Company is responsible for managing and analysing the credit risk for each of their new clients before standard payment and delivery terms and conditions are offered. Internal risk control assesses the credit quality of the customers, taking into account their financial position, past experience and other factors. Individual risk limits are set based on internal or external ratings in accordance with limits set by the Board of Directors. The utilisation of credit limits is regularly monitored.
- iii. The Company adopts the assumptions under IFRS 9, the default occurs when the contract payments are past due over 1 year.
- iv. The Company adopts following assumptions under IFRS 9 to assess whether there has been a significant increase in credit risk on that instrument since initial recognition: If the contract payments were past due over 30 days based on the terms, there has been a significant increase in credit risk on that instrument since initial recognition.

- v. The Company applies the simplified approach using loss rate methodology to estimate expected credit loss under the provision matrix basis.
- vi. The Company used the forecastability to adjust historical and timely information to assess the default possibility of accounts receivable. As of December 31, 2025 and 2024, the loss rate methodology is as follows:

<u>December 31, 2025</u>	Not past due	Up to 30 days past due	30~120 days past due	Over 121 days	Total
Expected loss rate	0.00%	0.00%	0.00%	0.00%	
Total book value	\$ 65,576	\$ 5,528	\$ 15	\$ 5,019	\$ 76,138
Loss allowance	\$ -	\$ -	\$ -	(\$ 5,019)	(\$ 5,019)

<u>December 31, 2024</u>	Not past due	Up to 30 days past due	30~120 days past due	Over 121 days	Total
Expected loss rate	0.00%	0.00%	0.00%	0.00%	
Total book value	\$ 79,869	\$ 5,023	\$ 270	\$ 5,021	\$ 90,183
Loss allowance	\$ -	\$ -	\$ -	(\$ 5,021)	(\$ 5,021)

- vii. Movements in relation to the Company applying the simplified approach to provide loss allowance for accounts receivable is as follows:

	<u>2025</u>
	<u>Accounts receivable</u>
At January 1	\$ 5,021
Reversal of impairment loss	(2)
Effect of exchange rate changes	-
At December 31	<u>\$ 5,019</u>
	<u>2024</u>
	<u>Accounts receivable</u>
At January 1	\$ 4,142
Provision for impairment	878
Effect of exchange rate changes	1
At December 31	<u>\$ 5,021</u>

(c) Liquidity risk

- i. Cash flow forecasting is performed in the operating entities of the Company and aggregated by Company treasury. Company treasury monitors rolling forecasts of the Company's liquidity requirements to ensure it has sufficient cash to meet operational needs. Such forecasting takes into consideration the Company's debt financing plans, covenant compliance, compliance with internal balance sheet ratio targets and, if applicable external regulatory or legal requirements.

- ii. The Company invests surplus cash in interest bearing current accounts and money market deposits, choosing instruments with appropriate maturities or sufficient liquidity to provide sufficient head-room as determined by the above-mentioned forecasts.
- iii. As of December 31, 2025 and 2024, the Company's undrawn borrowing facilities amounted to \$15,000 thousand and \$15,000 thousand, respectively.
- iv. The table below analyses the Company's non-derivative financial liabilities and net-settled or gross-settled derivative financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date for non-derivative financial liabilities and to the expected maturity date for derivative financial liabilities. The amounts disclosed in the table are the contractual undiscounted cash flows.

Non-derivative financial liabilities:

	Less than <u>1 year</u>	Between 1 and 2 <u>years</u>	Between 2 and 3 <u>years</u>	Between 3 and 5 <u>years</u>	Over 5 <u>years</u>
December 31, 2025					
Accounts payable	\$ 619	\$ -	\$ -	\$ -	\$ -
Accounts payable - related parties	100,588	-	-	-	-
Other payables	14,298	-	-	-	-
Other payables - related parties	2,822	-	-	-	-
Lease liabilities	495	-	-	-	-

Non-derivative financial liabilities:

	Less than <u>1 year</u>	Between 1 and 2 <u>years</u>	Between 2 and 3 <u>years</u>	Between 3 and 5 <u>years</u>	Over 5 <u>years</u>
December 31, 2024					
Accounts payable	\$ 3,159	\$ -	\$ -	\$ -	\$ -
Accounts payable - related parties	124,478	-	-	-	-
Other payables	19,130	-	-	-	-
Other payables - related parties	1,733	-	-	-	-
Lease liabilities	7,466	495	-	-	-

(3) Fair value information

A. The different levels that the inputs to valuation techniques are used to measure fair value of financial and non-financial instruments have been defined as follows:

Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date. A market is regarded as active where a market in which transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability.

B. Financial instruments not measured at fair value

The carrying amounts of the Company's financial instruments not measured at fair value (including cash and cash equivalents, notes receivable, accounts receivable, accounts receivable-related parties, other receivables, guarantee deposits paid, notes payable, accounts payable, accounts payable-related parties, other payables, other payable-related parties, guarantee deposits received and lease liabilities) are approximate to their fair values.

C. The related information of financial and non-financial instruments measured at fair value by level on the basis of the nature, characteristics and risks of the assets and liabilities is as follows:

(a) The related information of natures of the assets and liabilities is as follows:

December 31, 2025	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through other comprehensive income-equity securities	\$ -	\$ -	\$ 2,666	\$ 2,666
December 31, 2024	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Assets				
<u>Recurring fair value measurements</u>				
Financial assets at fair value through other comprehensive income-equity securities	\$ -	\$ -	\$ 2,666	\$ 2,666

(b) The Company used market quoted prices as the fair values of the instruments in Level 1. Based on the characteristics, the closing prices are used for emerging shares.

D. For the years ended December 31, 2025 and 2024, there was no transfer between Level 1 and Level 2.

E. For the years ended December 31, 2025 and 2024, movements on Level 3 are as follows:

	<u>2025</u>	<u>2024</u>
	<u>Equity instruments</u>	<u>Equity instruments</u>
At January 1	\$ 2,666	\$ 4,835
Loss recognized in other comprehensive income	-	(2,169)
At December 31	<u>\$ 2,666</u>	<u>\$ 2,666</u>

F. For the years ended December 31, 2025 and 2024, there was no transfer into or out from Level 3.

G. Experts and the Company's treasury department are in charge of valuation procedures for fair value measurements being categorised within Level 3, which is to verify independent fair value of financial instruments. Such assessment is to ensure the valuation results are reasonable by applying independent information to make results close to current market conditions, confirming the resource of information is independent, reliable and in line with other resources and represented as the exercisable price, and frequently calibrating valuation model, performing back-testing, updating inputs used to the valuation model and making any other necessary adjustments to the fair value.

H. The following is the qualitative information of significant unobservable inputs and sensitivity analysis of changes in significant unobservable inputs to valuation model used in Level 3 fair value measurement:

	<u>Fair value at December 31, 2025</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range</u>	<u>Relationship of inputs to fair value</u>
Non-derivative equity instrument:					
Unlisted shares	\$ 2,666	Market comparable companies	Price to book ratio	0.68	The higher the multiple, the higher the fair value
	<u>Fair value at December 31, 2024</u>	<u>Valuation technique</u>	<u>Significant unobservable input</u>	<u>Range</u>	<u>Relationship of inputs to fair value</u>
Non-derivative equity instrument:					
Unlisted shares	\$ 2,666	Market comparable companies	Price to book ratio	0.68	The higher the multiple, the higher the fair value

I. The Company has carefully assessed the valuation models and assumptions used to measure fair value; therefore, the fair value measurement is reasonable. However, use of different valuation models or assumptions may result in difference measurement. The following is the effect of profit

or loss or of other comprehensive income from financial assets and liabilities categorised within Level 3 if the inputs used to valuation models have changed:

				December 31, 2025	
				Recognised in other comprehensive income	
	Input	Change		Favourable change	Unfavourable change
Financial assets					
Equity securities	Price to book ratio	± 5%	\$	127	(\$ 127)
				December 31, 2024	
				Recognised in other comprehensive income	
	Input	Change		Favourable change	Unfavourable change
Financial assets					
Equity securities	Price to book ratio	± 5%	\$	131	(\$ 131)

13. SUPPLEMENTARY DISCLOSURES

(1) Significant transactions information

- A. Loans to others: None.
- B. Provision of endorsements and guarantees to others: None.
- C. Holding of significant marketable securities at the end of the period (not including subsidiaries, associates and joint ventures): Please refer to table 1.
- D. Purchases or sales of goods from or to related parties reaching NT\$100 million or 20% of paid-in capital or more: Please refer to table 2.
- E. Receivables from related parties reaching NT\$100 million or 20% of paid-in capital or more: Please refer to table 3.
- F. Significant inter-company transactions during the reporting period: Please refer to table 4.

(2) Information on investees

Names, locations and other information of investee companies (not including investees in Mainland China): Please refer to table 5.

(3) Information on investments in Mainland China

- A. Basic information: Please refer to table 6.
- B. Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area: Significant transactions, either directly or indirectly through a third area, with investee companies in the Mainland Area for the year ended December 31, 2024 are provided in Note 13(1) F.

14. SEGMENT INFORMATION

None.
